

## Table of Contents

### The Market for Print Finishing Technologies

I. EXECUTIVE SUMMARY	15
Introduction	15
Print Finishing in 2004	16
Equipment Trends and Perspectives	18
Industry Trends and Perspectives	21
The Installed Base and Market for Print Finishing Equipment	23
The Outlook for Print Finishing	25
Key Issues in Specialty Print Finishing	27
Implications and Recommendations for NPES and PRIMIR Member Firms	30
II. INTRODUCTION AND DEFINITIONS	33
Definitions	34
III. PROGRAM OBJECTIVES, SCOPE AND METHODOLOGY	39
Objectives	39
Scope	40
Methodology	41
IV. STATUS AND DISCUSSION OF PRINT FINISHING IN 2004	47
Who Does Print Finishing?	47
Automation and Other Trends	51
The Effects of Offshore Print Finishing	52
RFID and Other ‘Smart’ Packaging Concepts	56
V. EQUIPMENT TRENDS AND PERSPECTIVES	57
Die Cutting Equipment	57
Foil Stamping and Embossing Equipment	58
In-Line Gluing Equipment	59

Folder Gluers	59
Laminating Equipment	60
Off-Line Scoring Equipment	60
Shrink Wrapping Equipment	61
Poly Bag Packaging Equipment	62
Automated Off-Line Kit Fulfillment Equipment	62
Integrated Off-Line Card and Label Equipment	64
In-Line Ultraviolet Curing Equipment	64
Off-Line Ultraviolet Curing Equipment	65
VI. INDUSTRY TRENDS AND PERSPECTIVES	67
Commercial Printing	67
Label and Forms Printing	69
Packaging Printing	71
Screen Printing	71
Sign Shops	72
Trade Binderies	72
Finishing Trade Shops	72
VII. THE INSTALLED BASE OF PRINT FINISHING	
EQUIPMENT IN 2003	75
Die Cutting Equipment	79
Foil Stamping and Embossing Equipment	82
In-Line Gluing Equipment	84
Folder Gluers	86
Laminating Equipment	88
Off-Line Scoring Equipment	90
Shrink Wrapping Equipment	92
Poly Bag Packaging Equipment	94
Automated Off-Line Kit Fulfillment Equipment	96
Integrated Off-Line Card and Label Equipment	98
In-Line Ultraviolet Curing Equipment	100
Off-Line Ultraviolet Curing Equipment	102

VIII. THE MARKET FOR PRINT FINISHING EQUIPMENT IN 2003 AND 2005	104
Die Cutting Equipment	107
Foil Stamping and Embossing Equipment	109
In-Line Gluing Equipment	111
Folder Gluers	112
Laminating Equipment	114
Off-Line Scoring Equipment	115
Shrink Wrapping Equipment	117
Poly Bag Packaging Equipment	119
Automated Off-Line Kit Fulfillment Equipment	120
Integrated Off-Line Card and Label Equipment	122
In-Line Ultraviolet Curing Equipment	124
Off-Line Ultraviolet Curing Equipment	126
IX. THE OUTLOOK FOR PRINT FINISHING	128
Die Cutting Equipment	128
Foil Stamping and Embossing Equipment	129
In-Line Gluing Equipment	129
Folder Gluers	129
Laminating Equipment	130
Off-Line Scoring Equipment	130
Shrink Wrapping Equipment	130
Poly Bag Packaging Equipment	130
Automated Off-Line Kit Fulfillment Equipment	131
Integrated Off-Line Card and Label Equipment	131
In-Line Ultraviolet Curing Equipment	131
Off-Line Ultraviolet Curing Equipment	131
X. KEY ISSUES IN SPECIALTY PRINT FINISHING	132
The Specialty Finishing Equipment Market at Commercial Printers	132
Print Finishing Labor	134
Printer Margins	137

The Decision to Outsource Specialized Print Finishing	140
Automation and Print Finishing	141
In-Line Versus On-Line Functions	142
The Effects of Offshore Print Finishing	142
Printer Characteristics	143
XI. IMPLICATIONS AND RECOMMENDATIONS FOR NPES	
AND PRIMIR MEMBER FIRMS	146
Exhibition Concepts	146
Offshore Markets	147
Economic Models	148
Used Equipment	148
Association Relationships	149
Marketing Specialty Print Finishing Equipment to Printers	149
Reaching Out to Designers and Corporate Marketers	150
Develop New, Press-Integrated Specialized Print Finishing Equipment	150
Joint Venture and Acquisition Opportunities	151
Appendix A—Glossary of Terms	152
Appendix B—Mail and Internet Survey Questionnaire	158
Appendix C—Telephone Survey Questionnaire	162
Appendix D—NPES Member Questionnaire	166
Appendix E—Supplier Listings	168
Die Cutting Equipment	170
Foil Stamping and Embossing Equipment	172
In-Line Gluing Equipment	175
Folder Gluers	176
Laminating Equipment	177
Off-Line Scoring Equipment	179
Shrink Wrapping Equipment	180
Poly Bag Packaging Equipment	181
Automated Off-Line Kit Fulfillment Equipment	182
Integrated Off-Line Card and Label Equipment	183

Ultraviolet Curing Equipment	184
Appendix F—About the Research Team	186

## List of Exhibits

<b>Exhibit</b>	<b>Title</b>	<b>Page</b>
I-1	U.S. Printing Plants in 2003 and 2005	24
I-2	Specialty Print Finishing U.S.Installed Base and Market Estimates (Units)	25
III-1	Interviews by Venue	45
IV-1	Specialized Print Finishing Equipment Usage in the Printing Industry	48
IV-2	A Brief Survey of Greeting Card Country of Origin	55
VII-1	2003 U.S. Printing Industry Plants	78
VII-2	2003 U.S. Installed Base of Die Cutters (Units)	81
VII-3	2003 U.S. Installed Base of Foil Stamping and Embossing Equipment (Units)	83
VII-4	2003 U.S. Installed Base of In-Line Gluing Systems (Units)	85
VII-5	2003 U.S. Installed Base of Folder Gluers (Units)	87
VII-6	2003 U.S. Installed Base of Laminators (Units)	89
VII-7	2003 U.S. Installed Base of Off-Line Scoring Equipment (Units)	91
VII-8	2003 U.S. Installed Base of Shrink Wrapping Equipment (Units)	93
VII-9	2003 U.S. Installed Base of Poly Bag Packaging Equipment (Units)	95
VII-10	2003 U.S. Installed Base of Automated Off-Line Kit Fulfillment Equipment (Units)	97
VII-11	2003 U.S. Installed Base of Integrated Off-Line Card and Label Equipment (Units)	99
VII-12	2003 U.S. Installed Base of In-Line Ultraviolet Curing Equipment (Units)	101

VII-13	2003 U.S. Installed Base of Off-Line Ultraviolet Curing Equipment (Units)	103
VIII-1	2005 U.S. Printing Industry Plants	106
VIII-2	The 2003 and 2005 U.S. Markets for Die Cutters (Units)	107
VIII-3	The 2003 and 2005 U.S. Markets for Foil Stamping and Embossing Equipment (Units)	109
VIII-4	The 2003 and 2005 U. S. Markets for In-Line Gluing Equipment (Units)	111
VIII-5	The 2003 and 2005 U. S. Markets for Folder Gluers (Units)	113
VIII-6	The 2003 and 2005 U.S. Markets for Laminators (Units)	114
VIII-7	The 2003 and 2005 U.S. Markets for Off-Line Scoring Equipment (Units)	116
VIII-8	The 2003 and 2005 U.S. Markets for Shrink Wrapping Equipment (Units)	118
VIII-9	The 2003 and 2005 U. S. Markets for Poly Bag Packaging Equipment (Units)	120
VIII-10	The 2003 and 2005 U. S. Markets for Automated Off-Line Kit Fulfillment Equipment (Units)	121
VIII-11	The 2003 and 2005 U. S. Markets for Integrated Off-Line Card and Label Equipment (Units)	123
VIII-12	The 2003 and 2005 U. S. Markets for In-Line Ultraviolet Curing Equipment (Units)	124
VIII-13	The 2003 and 2005 U. S. Markets for Off-Line Ultraviolet Curing Equipment (Units)	126
